

The closing date for receipt of abstracts is: 1st May 2010

Contributions in any area of the pharmaceutical sciences are invited for presentation at the conference and may be entered for poster display or oral (podium) presentations.

To view the outline programme please visit www.ukpharmsci.org/Programme/

To download the Abstracts Submission Form please visit www.ukpharmsci.org/abstracts/

Please note that paper abstracts will not be accepted.

Contributions should relate to original, previously unpublished work in those sciences that contribute to the development, preparation, use and evaluation of medicinal substances. They may be a self-contained report of a complete piece of research, or a report of work in progress.

Contributions should be in one of the following areas of pharmaceutical science:

ANALYTICAL CHEMISTRY	pharmaceutical and biochemical analysis
DRUG DELIVERY	pulmonary, transdermal and all other non-oral routes, targeting, biological barriers, intracellular trafficking, liposomes, conjugates
MATERIALS SCIENCE	biomaterials, novel polymers, polymer synthesis, characterisation (API, excipients), solid-state
PHARMACEUTICAL TECHNOLOGY	pharmaceutical processes, oral delivery, macromolecule delivery, colloids
BIOPHARMACEUTICS	pharmacokinetics, pharmacodynamics, in vitro dissolution, in vivo correlation, CACO-2 cells
TISSUE ENGINEERING & REGENERATIVE MEDICINE	tissue regeneration, stem cells, biodegradable scaffolds
MEDICINAL CHEMISTRY	drug discovery, design, synthesis, molecular modelling, combinatorial chemistry
PHARMACOLOGY	genomics, proteomics, treatment of diseases
DRUG METABOLISM	metabolic processes, toxicology, toxicogenomics
PHARMACEUTICAL MICROBIOLOGY	biofilms, antibiosis, pathogenicity
BIOLOGICS	genes, peptides, proteins
OTHER AREAS	Submissions for areas other than those listed above will only be considered for poster display

Abstracts Call for Papers

ACKNOWLEDGEMENT OF ABSTRACT

Your abstract will be acknowledged via an automated service. Each submission will be assigned a unique abstract number which must be quoted on any correspondence.

ACCEPTANCE

Abstracts will be reviewed for acceptance, in consultation with the Academy of Pharmaceutical Sciences and collaborating science organisations. The corresponding author will be notified of the outcome, the date and the format (poster or podium) of the presentation by Friday 25th June 2010. If you have not heard from us by this date, please contact the **APSGB** Secretariat at info@apsgb.org

The corresponding author is responsible for notifying these details to other authors, including the presenting author. Abstracts once accepted for publication can not be changed, except as identified by the evaluation panel, and can not be withdrawn, except with the consent of the Conference Secretariat. The Secretariat will endeavor to offer the format preferred by the corresponding author but this can not be guaranteed. Some presenters may be invited to present their work in both poster and oral formats.

Please note: All presenters must register for the Conference

POSTER DISPLAY

Posters should be prepared in PORTRAIT format. A board 2 metres high and 1 metre wide will be made available for each poster. Oversize posters will not be accepted for display. Posters must be self-explanatory as presenters may only be available at specific times to answer questions. Lettering must be readable at 2 metres from the panel (minimum height of characters 8 mm, minimum line width 0.7 mm).

Corresponding authors will be notified of the day their poster should be displayed. The presenting author must be present during attended periods, which will be notified.

ORAL (PODIUM) PRESENTATIONS

Oral (podium) presentations will be made of selected papers in some subjects. Full instructions will be provided following the acceptance of submissions but for initial guidance, oral communications will be limited to a presentation time of 15 minutes. Corresponding authors will be notified if the abstract has been selected for podium presentation.

PRIZES

Prizes will be awarded to selected posters and oral presentations.

PUBLICATION – (Abstracts selected for podium presentation only).

If you are in agreement to have your abstract published in the JJP please ensure that you indicate this on when you submit your abstract on line.

Abstracts selected for podium presentations at the conference may (subject to your agreement) be published in a supplement to the Journal of Pharmacy and Pharmacology (JPP) and will be available at the conference. All abstracts will also be accessible at www.ukpharmsci.org.

LICENCE TO PUBLISH

Copyright of the submitted abstract will remain with the author(s) but in order to publish the abstract the publisher will require all authors of each abstract to grant a [licence to publish](#). Formal written agreement is not required but authors are advised that by submitting an abstract for the UKPharmSci 2010 the publishers will consider that authors have read the licence and agree to accept its terms should the abstract be accepted for publication. Any enquiries should be directed to the Secretariat at info@apsgb.org. Abstract titles and authors may be posted onto a website at any time after submission of the abstracts. The full abstracts will not be made available until the Conference.
